## SUKKAT SHALOM

### Challenge #2

**What are examples of *sukkat shalom* – of safety and protection?**

**"*Sukkat shalom*" is a way to describe a place or when someone feels safe and protected. What examples can you find of safety and protection in the world around you? Questions to think about:**

- How can you tell when someone feels safe and protected?
- What might a *sukkat shalom* look like?
- How can we be protected by a shelter of peace?
- If you don't think of a *sukkah* as a small house or a physical building, how else might a shelter of peace look?
- Can a person be a *sukkat shalom*?

Your challenge is to figure out the many ways we might be protected by a *sukkat shalom*. See page 2.

**Challenge #2**

**How will you figure out the many ways we can be made safe by a *sukkat shalom*?**

Choose option 1 or 2:

- 1** **ASK:** Interview 3 people to find out where they feel safe and protected. Be sure to ask them to tell you why or to explain their response! Make a list of their answers.
- 2** **SEARCH:** Look carefully around you – in your home, outdoors and places you visit. What are safe spaces? Who are people that offer protection? Take photos of those spaces and people.
